Top-ranking product:

Waterproof Windproof Seal Strip OEM Extrusion Automotive Doors:

- Dust-proof, moisture-proof, airtight
- Eco-friendly cable protector
- Used for: Car doors, boat, engine, door frame, window etc.

- Car Door Rubber Seal Strip with Side Bulb -car weather strip
- PVC Plastic Trim with EPDM Rubber Bulb Seal
- This weatherstripping enhances the leak proofness of your car, which make door close more tightly.
- Reduce the noise of wind when you drive your car at high speed.
- Make your car more sealed so that you could keep your car away from dust, raindrop and Fog.

U Shape Seal Strip

Large bulb size, standard grip range, very flexible. This rubber seal strip provides excellent protection against heat, extreme
weather damage, and corrosion. High temperature resistance & cold resistance, prevent ultraviolet light.

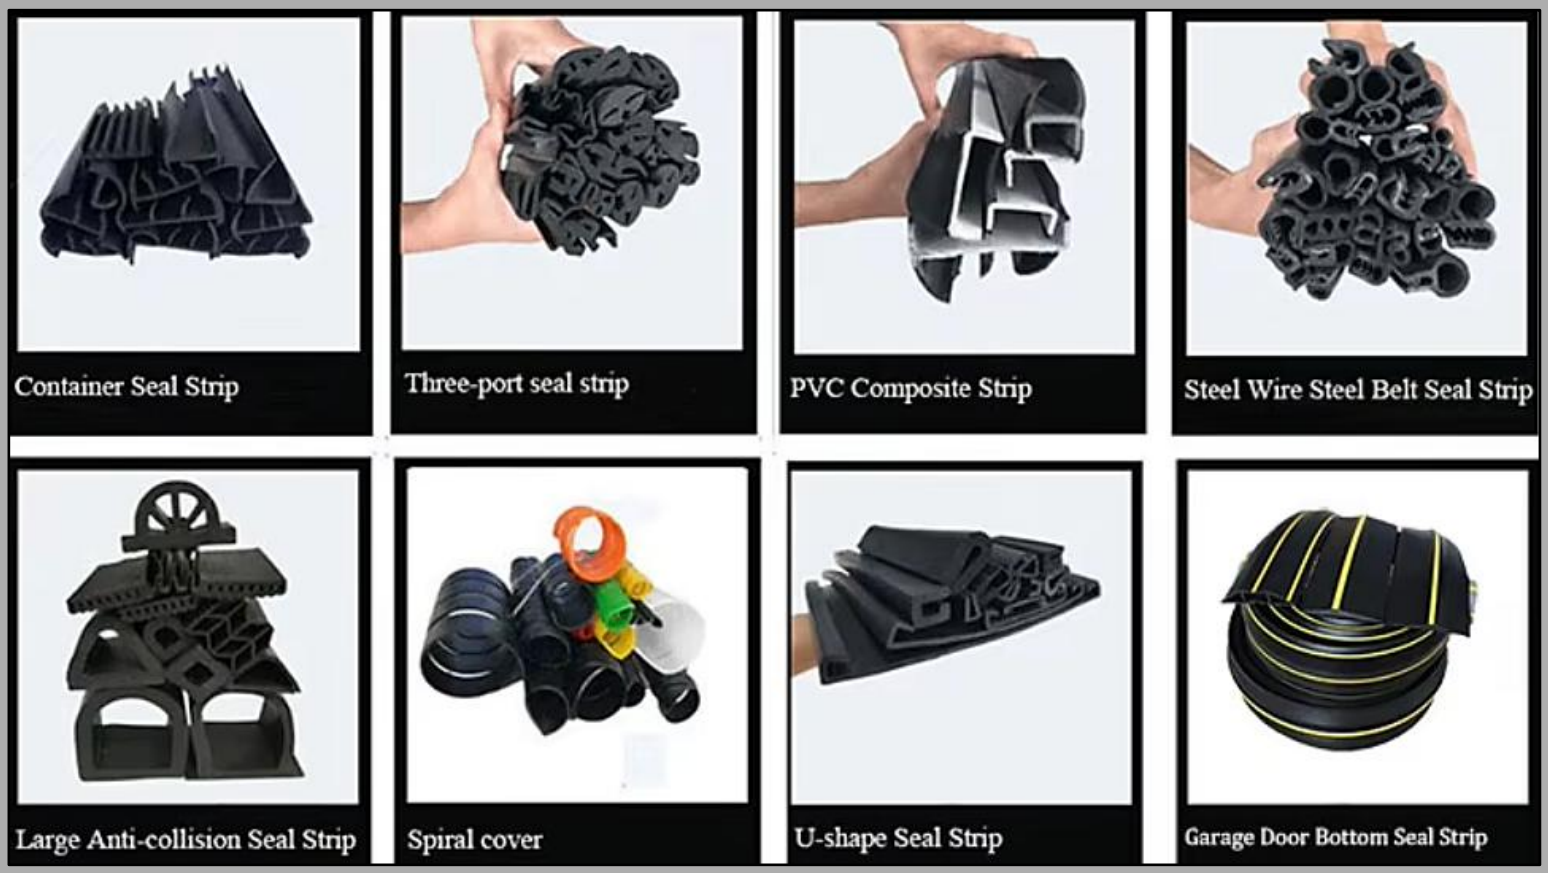

Bulb seal strip

The bulb trim sealer can enhance the leakproofness and noise reduction of your car, helps to cut down window noise/road noise,
protects your vehicle from outside eliminates like dirt, dust, water.

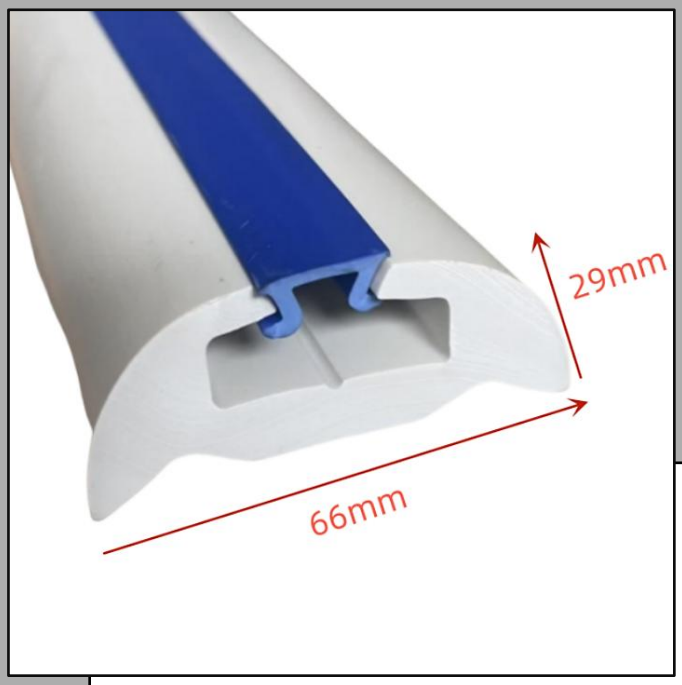

Easy to Installation

Durable EPDM foam rubber contains internal metal clips to grip permanent around the install place and excellent grip retention. It
easy to install, not need to adhesive, just push-on trim seal allows for a fast installation.
